Fit and proper persons help sheet (as issued by HMRC)

Who is this help sheet for?

This help sheet and the model declaration are for use by 'managers' of a charity, Community Amateur Sports Club (CASC) or other organisation entitled to UK charity tax reliefs. The term 'managers' applies to the trustees of charities, Directors of corporate charities, CASC officials and any other persons having general control and management over the running of the charity or the application of its assets. For example:

- ❖ In a typical small local charity a manager for the purposes of the fit and proper persons test could include the Chairperson, Treasurer, Secretary and the rest of the management committee who would have control over expenditure.
- ❖ In a larger charity a manager for the purposes of the fit and proper persons test would include all trustees or Directors of a corporate charity but may also extend to certain employees who are able to determine how a significant proportion of the charity's funds are spent. For example, most large charities have a Board of Trustees and an Executive Board of senior employees. In such a case the trustees and members of the Executive Board would be managers of the charity.

If you are a 'manager' of a charity you should read this help sheet and, if appropriate, sign a declaration based on the model below. The charity, CASC or other organisation entitled to charity tax reliefs should keep the signed declaration in case HM Revenue & Customs (HMRC) ask to see it. The signed form should not be sent to HMRC unless HMRC asks to see it.

Why is there a 'fit and proper persons' test?

The 'fit and proper persons' test exists to ensure that charities, CASCs and other organisations entitled to charity tax reliefs are not managed or controlled by individuals who might misuse the valuable tax reliefs the organisation receives. Unfortunately, fraudsters have been known to exploit charity tax reliefs so the fit and proper persons test exists to help prevent that.

What does 'fit and proper' mean?

An individual is 'fit and proper' if they ensure that charity funds and tax reliefs are used only for charitable purposes.

In signing a declaration like the one below you are confirming that you will ensure that funds are used for charitable purposes and also disclosing certain information about your past that may impact on whether or not you are indeed 'fit and proper'. When a charity notifies HMRC of certain new managers, HMRC cross checks that person's details against any information it has and will raise any concerns it has if there is anything to indicate the person may misuse the charity funds and tax reliefs.

Factors that may lead to HMRC deciding that an individual manager is not a fit and proper person include:

- ❖ individuals with a history of tax fraud, unlawful tax avoidance or other fraudulent behaviour including misrepresentation and/or identity theft and professional advisers who have assisted people in doing these things

- ❖ individuals for whom HMRC has knowledge of involvement in attacks against, or abuse of, tax repayment systems
- ❖ individuals who are barred from acting as a charity trustee by a charity regulator or Court, or have been disqualified from acting as a company Director

However, just because an individual has been, say, barred from acting as a charity trustee or one of the other points above applies, it does not always follow that the charity will not be eligible for tax reliefs. When considering the application of the fit and proper persons test to particular managers, HMRC will take account of the likely impact on the charity's tax position. For example, any person who has no dealings with HMRC and no control over spending charity funds, even if the person is not a fit and proper person, is unlikely to affect the charity's eligibility to tax reliefs.

What do I need to do?

- ❖ If you are confident you will do your best to ensure that charity funds and tax reliefs are used only for charitable purposes and do not need to disclose any information listed on the declaration, then you should sign a declaration and give it to the charity.
- ❖ If you are confident you will do your best to ensure that charity funds and tax reliefs are used only for charitable purposes but you do need to disclose any information listed on the declaration, then you should sign the declaration suitably amended - for example by crossing out the relevant bullet point - and provide details in the final box before you give the declaration to the charity. The charity will then need to decide what to do.

If neither of the above applies you should not sign the declaration.

I've signed the declaration so what happens next?

The charity will keep the declaration and in certain cases pass your details to HMRC. If HMRC have any concerns about you they will contact you to clarify the situation.

UK-SBA

CONFLICTS OF INTEREST POLICY AND PROCEDURES

1. Purpose

1.1 The purpose of this policy is to help Board members (Directors) of the UK-Society for Behaviour Analysis (UK-SBA) to effectively identify, disclose and manage any actual, potential or perceived conflicts of interest in order to protect the integrity of the UK-SBA and manage risk.

2. Objective

2.1 The UK-SBA aims to ensure that Directors are aware of their obligations to disclose any actual or potential conflicts of interest they may have and to comply with this policy to ensure they effectively manage those conflicts of interest as representatives of the UK-SBA.

2.2 Even the appearance of a conflict of interest can damage the Society's reputation, so conflicts need to be managed carefully and with transparency.

2.3 The UK-SBA is committed to ensuring its decisions and decision-making processes are, and are seen to be, free from personal bias and do not unfairly favour any individual or group within, related to or with personal or professional interests in the Society.

2.4 It is the policy of the UK-SBA to:

- Ensure every Director understands what constitutes a conflict of interest and that they have a responsibility to recognize and declare any conflicts or potential conflicts that might arise for them.
- Document the conflict and the action(s) taken to ensure it does not affect the decision making of the Society.

3. Scope

This policy applies to Directors of the UK-SBA and its sub-committees.

- Directors have a legal and moral obligation to act in the best interests of the UK-SBA and its members.
- Directors need therefore to be sensitive to the possibility that their activities outside of the UK-SBA could be perceived as having a bearing on – or coming into conflict with – the objects and integrity of the UK-SBA.
- Activities outside of the Society may include:
 - Holding office in other organisations
 - Being employed by other organisations
 - Contributing charitably or professionally to the goals or campaigns of other organisations
 - Being otherwise involved in other organisations, companies or political parties

4. Definition of conflicts of interests:

4.1 A conflict of interest may be actual, potential or perceived. It may be financial or non-financial. Directors have a duty in law to avoid conflicts of interest.

4.2 A conflict of interest occurs when a person's personal, financial or professional interests conflict with their responsibility to act in the best interests of the UK-SBA. These situations must be managed accordingly.

4.3 Personal interests include:

- direct interests – financial or professional
- interests of family, friends or colleagues
- interests of other organisations (professional, charitable, financial) a person may be involved with
- loyalty/commitment interests – to promote goals of another professional group or organisation

4.4 Examples of potential conflicts of interest

- A Director (or an organisation in which she/he has an interest) may be tendering or considering to tender for a contract where it is known the UK-SBA is also tendering for the same contract.
- The UK-SBA has advertised a job and is considering applications for the position. A conflict of interest may arise for any Director related to (as family, fellow professional, co-worker etc.) one or more of the job applicants.
- A Director is an advocate for a particular group or special field covered by the UK-SBA, or is a member of a lobbying or pressure group with an interest in Behaviour Analysis and/or behaviour analytic services. Such interests may conflict with a Director's legal and moral obligation to act in the best interests of the UK-SBA and all of its members.
- If a Director has any other interest which does not create a real danger of bias, but which might reasonably cause others to think it could influence their decision, s/he should declare the nature of the interest but may remain in the room, participate in the discussion, and vote if agreed by the Board.

5. Policy

This policy has been developed because conflicts of interest commonly arise. They do not need to present a problem to the organisation if they are openly and effectively managed. It is the policy of the UK-SBA as well as a responsibility of the Board that ethical, legal, financial, professional or other conflicts of interest be avoided and that any such conflicts (where they do arise) do not impede or impair Directors' obligations to the UK-SBA and its members.

The UK-SBA will manage conflicts of interest by requiring Board members to:

- avoid conflicts of interest where possible
- identify and disclose any conflicts of interest or potential conflicts of interest

- carefully manage any conflicts of interest, and
- follow this policy and respond to any breaches.

5.1 Responsibility of the Board

The Board is responsible for:

- establishing a system for identifying, disclosing and managing conflicts of interest across the UK-SBA
- monitoring compliance with this policy, and
- reviewing this policy on an annual basis to ensure that the policy is operating effectively.

The organisation must ensure its Directors are aware of UK-SBA governance standards, particularly governance (Memorandum & Articles of Association) section 15 (see Appendix 1) as well as the Directors manual section on Honesty and that they disclose any actual, potential or perceived conflicts of interests as required by those standards.

5.2 Identification and disclosure of conflicts of interest

At the start of each meeting a Director must declare whether any agenda items raise a potential conflict of interest. This will be recorded and minuted.

Once the meeting is in progress, should an unforeseen topic arise from an agenda item which also raises an actual or potential conflict, this must also be declared at the time it arises.

If a Director does not declare an interest but another Director feels a conflict does exist, they should raise the issue. The potentially conflicted Director should be given the opportunity to say why they do not feel a conflict of interest exists. The Board may ask that Director to leave the room so a discussion can take place. The Board will collectively make a decision on whether a conflict of interest does or does not exist. Details of the Board's discussion and its conclusion must be minuted. The conflict of interest will then be treated in the same way as if the individual had made the declaration.

If in any doubt about the application of these rules, a Director must contact the Chair who may want to discuss the issue prior to a forthcoming meeting.

Once an actual, potential or perceived conflict of interest is identified, it must be entered into the UK-SBA's register of interests. The register of interests must be maintained by the Secretary of the Board and record information related to a conflict of interest (including the nature and extent of the conflict of interest and any steps taken to address it).

Due to the sensitive nature of information, the Register of Interests must be filed in a secure environment. The individual Registers of Interests should be available at each Director meeting for any updates or reference.

5.3 Confidentiality of disclosures

In most instances the nature of any disclosure related to conflicts of interest will be fully stated in the Board Minutes to ensure openness and accountability. If the information is deemed sensitive the Board may restrict disclosure of the details of the conflict to Board members only. In this instance the Board minutes will record only that a conflict of interest was recorded and the name of the Individual. A confidential minute will also be

written that outlines the full details of the disclosure and will be held with the minutes by the Secretary. This will only be shared on a need to know basis or if required by law.

6. Action required for management of conflicts of interest

6.1 Conflicts of interest of Board members

Once the conflict of interest has been appropriately disclosed, the Board (excluding the Board member disclosing and any other conflicted Board member) must decide whether or not those conflicted Board members should:

- vote on the matter (this is a minimum),
- participate in any debate, or
- be present in the room during the debate and the voting.

In exceptional circumstances, such as where a conflict is very significant or likely to prevent a Board member from regularly participating in discussions, it may be worth the Board considering whether it is appropriate for the person conflicted to resign from the Board.

6.2 What should be considered when deciding what action to take. In deciding what approach to take, the Board will consider:

- whether the conflict needs to be avoided or simply documented
- whether the conflict will realistically impair the disclosing person's capacity to impartially participate in decision-making
- alternative options to avoid the conflict
- the organisation's objects and resources, and
- the possibility of creating an appearance of improper conduct that might impair confidence in, or the reputation of, the UK-SBA.

The approval of any action requires the agreement of at least a majority of the Board (excluding any conflicted Board member/s) who are present and voting at the meeting. The action and result of the voting will be recorded in the minutes of the meeting and in the register of interests.

7. Compliance with this policy

If the Board has a reason to believe that a person subject to the policy has failed to comply with the policy, it will investigate the circumstances.

If it is found that this person has failed to disclose a conflict of interest, the Board may take action against them. This may include seeking to terminate their relationship with the UK-SBA.

8. Contacts

For questions about this policy, contact the UK-SBA Administrator at admin@uk-sba.org who will refer you to the relevant Board member.

APPENDIX 1: MEMORANDUM & ARTICLES OF ASSOCIATION OF THE UK SOCIETY FOR BEHAVIOUR ANALYSIS, SECTION 15, CONFLICTS OF INTEREST
